

Djent Can Music game GUI manual testing II

Main game page

1. When you open djentCanMusic.html, first of all you should check there are texts on the transparent scoreboard saying 'Loading...' and 'READY!'. These are not automatically updated but will be used for game info update for users

2. Secondly, there will be note images on the bars that drops down as well as a short sound(around 5 seconds) after the page loads. Make sure the notes are aligned
